

Talent 101 Recognized for Excellence by Texas Instruments

The annual award honors companies whose dedication and commitment in supplying products and services meet TI's high standards for excellence. Recipients are an elite group of suppliers chosen for their exemplary performance in the areas of cost, environmental & social responsibility, technology, responsiveness, assurance of supply, and quality.

Out of 10,000 suppliers globally, only 16 companies received the award and Talent 101 is the only recipient in the staffing services category.

Talent 101 was recognized in part for their exemplary service in supporting TI's engineering and IT departments by providing value above placing skilled technical talent at TI.

"Talent 101 has demonstrated the ability to not only locate qualified candidates, but goes a step further by understanding TI's business needs and then provides innovative approaches to meeting those needs", said Simpson.

"Along with our more than 100,000 customers, we expect world-class performance and execution from our suppliers. These winners have demonstrated outstanding commitment and ability to support and provide value to TI."

— Rob Simpson, Vice President of
TI Worldwide Procurement and
Logistics

Can't afford a full-time technician?

ARRANGE FOR ONE FROM TALENT 101'S

"COLLECTIVE TECH" SERVICES!

The nature of the business causes TI Managers to assume they can't afford to hire a full-time contract technician. You don't need to have the budget to hire a full-time contractor for the level of ingenuity, expertise and skill set you need on your projects. Talent 101's "Collective Tech" services allow TI Managers to use technicians for specific projects, meet deadlines on either part-time, shared or on an 'as needed' basis. This growing trend can transform your approach to departmental goals and projects.

BENEFITS:

- ✓ Bring in the right technician for 10 hours or more per week.
- ✓ Our technicians work all shifts. You select.
- ✓ Use our technician to continue production while your staff members are on vacation.
- ✓ No hassle reassignments.
- ✓ Our technician can provide work-coverage during recurring workload surges.

Whether you need one or multiple lab, bench or test technicians, Talent 101 has your workforce solution, many with TI experience and internal recommendations. Our technicians come ready to perform with completed TI safety training and badges.

Talent 101 will also help you plan and manage:

- Hours and days the technician will work
- All contingencies
- Communication to and preparation of the technician for their responsibilities
- Deployment of a technician with 24-hours notice
